Politecnico di Milano has **six campuses**: two in Milan, and four in the nearby towns of Cremona, Lecco, Mantova and Piacenza.

These venues have been selected for their relevance in a specific field, to which the programmes are connected.

Cremona is the world capital of stringed instruments, and especially of violins. Cremona campus offers a unique MSc programme in Music and Acoustic Engineering, in addition to Computer Science and Engineering and Agricultural Engineering.

Lecco is located at the foot of the Alps and on the Como lake. Lecco Campus hosts programmes in Engineering, focusing on Civil Engineering for Risk Mitigation, Mechanical, Building and Architectural Engineering.

Mantova is a UNESCO heritage site. Here Politecnico di Milano has a programme in Architectural Design and History, specifically focusing on the preservation of cultural heritage.

Piacenza is an important production center in Italy, situated on the Po river. Piacenza Campus hosts programmes connected to production and sustainability, namely Mechanical Engineering, Energy Engineering and Sustainable Architecture.

WHAT TO STUDY

ARCHITECTURE

Architecture and Urban Design
Architecture – Building Architecture
Architecture – Built Environment - Interiors
Architectural Design and History
Landscape Architecture – Land, Landscape Heritage
Sustainable Architecture and Landscape Design
Urban Planning and Policy Design
Management of Built Environment

DESIGN

Communication Design
Design & Engineering
Design for the Fashion System
Digital and Interaction Design
Integrated Product Design
Interior and Spatial Design
Product Service System Design

Laurea Magistrale programmes (equivalent to a Master of Science) last 2 years and provide advanced education. They are taught in **English** and give access to PhD.

ENGINEERING

Aeronautical Engineering
Agricultural Engineering
Automation and Control Engineering
Building and Architectural Engineering
Biomedical Engineering
Chemical Engineering
Civil Engineering
Civil Engineering For Risk Mitigation
Computer Science and Engineering
Electrical Engineering
Electronics Engineering
Energy Engineering
Engineering Physics

Environmental and Land Planning Engineering
Food Engineering
Geoinformatics Engineering
High Performance Computing Engineering
Management Engineering
Materials Engineering and Nanotechnology
Mathematical Engineering
Mechanical Engineering
Mobility Engineering
Music and Acoustic Engineering
Nuclear Engineering
Space Engineering
Telecommunication Engineering

DOUBLE DEGREES

Internal double degrees are also available and allow students to attend courses from different programmes within Politecnico di Milano.

Bioinformatics for Computational Genomics
with Università degli Studi di Milano

Cyber Risk, Strategy and Governance
Transformative Sustainability
with Bocconi University

INTERDISCIPLINARY

Design&Engineering
Management of Built Environment

YOUR DOORWAY TO THE WORLD

COLLABORATIVE CLASSES

Collaborative classes result from the online collaboration between a professor at Politecnico di Milano and a professor at a foreign university, accompanied by their respective classes. This collaboration can take the form of **joint lectures**, **projects**, and **workshops**, with the support of digital platforms. This innovative teaching and learning method offers an **intercultural** and **interdisciplinary** immersive experience with **international** scope, with **no need to travel**.

EXCHANGE OPPORTUNITIES

Each year hundreds of students have the opportunity to experience an exchange period abroad, thanks to a vast network of mobility agreements with leading universities.

- **Erasmus+ Agreements** with European universities
- **Bilateral Agreements** with partner universities all around the world
- **Double Degree Agreements** allowing students to obtain a degree from both Politecnico di Milano and the partner institution

PRESTIGIOUS UNIVERSITIES ALLIANCES

Politecnico di Milano is part of the ENHANCE European Universities Alliance, and of other important networks fostering student mobility.

JOIN AN ENGAGED UNIVERSITY

Politecnico di Milano is an engaged university: its mission goes beyond teaching and research. Social responsibility and involvement of the international and national community are an important part of the university mission.

CULTURAL ACTIVITIES

On campus cinema, concerts and exhibitions. Interviews with keynote speakers, with the author, exhibitions and more.

SCIENTIFIC AWARENESS

Virtual seminars, open laboratories, scientific talks and labs for kids, podcasts, newsletter. TedX, PoliMiOpenlabs, MOOCs, Engineering festival, Frontiere website.

**A SOCIALLY
ENGAGED
UNIVERSITY**

SOCIAL RESPONSIBILITY

Polisocial programme extends the university's mission to social issues arising from the territory, through volunteering, reshaping of public spaces in suburban areas, diversity and inclusion policies.

SUSTAINABLE DEVELOPMENT

Activities related to the UN 2030 SDGs, Sustainable campuses, Green Ambassadors programme, sustainable mobility action plan.

BE ACTIVE!

While facing the challenges of your new study experience at Politecnico di Milano, get involved in some of the **sporting activities and events**. Politecnico di Milano campuses offer several options:

- POLIMI RUN AND POLIMI RIDE
- CHAMPIONSHIPS
- SPORT CENTERS
- COURSES AND MASTERCLASSES
- SOCCER, PADDLE, BASKETBALL, RUGBY, VOLLEYBALL COURTS
- ATHLETIC TRACKS

[Find out more](#)

ARE YOU A HIGH-LEVEL ATHLETE?

Politecnico di Milano supports promising athletes with dedicated **sports scholarships** and with a **Dual Career programme**, allowing to waive the compulsory attendance to some courses, to carry out exams outside the exams dates, and to be assisted by a tutor.

HOW TO START YOUR JOURNEY

STEP 1

CHECK THE ENTRY REQUIREMENTS

- ✓ A Bachelor degree in a related field
- ✓ Country-specific requirements
- ✓ English language proficiency

STEP 2

APPLY ONLINE

- ✓ Register online and insert your University information
- ✓ Select the programme(s) of interest
- ✓ Upload the required documents

STEP 3

PAY THE APPLICATION FEE

€50, non-refundable.

Your dossier will be evaluated by a committee of professors and results will be available on your profile.

MANDATORY DOCUMENTS

- Official transcripts
- Bachelor diploma / provisional certificate
- Portfolio (for Architecture and Design)
- Curriculum vitae
- CGPA statement
- English language proof

ACCEPTED ENGLISH PROOFS:

TOEFL CBT: 210 / IBT: 78 / PBT: 547

TOEFL ITP® Plus (China): 543

TOEFL iBT® Special Home Edition

TOEIC (only listening and reading): 720

IELTS (Academic): 6

CAMBRIDGE CPE: C / CAE: C / CFE: B

TRINITY COLLEGE: ISE II

Or a Bachelor entirely taught in English

OPTIONAL DOCUMENTS

- GRE (for Architecture and Engineering)
- Motivation letter
- Recommendation letter
- Course description

NOTES:

These are the core **requirements**. Additional specific requirements may be set for each programme.

Some **documents** are not mandatory, but highly suggested. Check the website for more information.

Non-EU students are required to apply for a student visa on www.universitaly.it after the admission and within a deadline specified online.

[Know more](#)

PLAN YOUR BUDGET

TUITION FEES FOR MSc

EU STUDENTS

€ 900 - 3,900 a year, for 2 years depending on the family income.

NON-EU STUDENTS

€ 3,900 a year, for 2 years.

LIVING COST

Living costs vary according to the city where you live, your lifestyle and your needs. The **average expenses** of a student living in Milan are as follows. A lower budget is needed if you choose another campus.

-  **Food**
250€/month
-  **Halls of residence**
350 – 600€/month
-  **Private studio**
800€/month
-  **Public transports**
25€/month
-  **Sim card**
10€/month
-  **Eating out**
15-30€
-  **Public health insurance**
around 150€/year

HOW TO SUPPORT YOUR STUDIES

- **Paid collaborations** at the university
- **Job opportunities** off campus (maximum 20 hours per week for non-EU students)
- Politecnico di Milano **merit-based scholarships**
- Further **funding opportunities**, by the Italian Ministry of Foreign Affairs and International Cooperation (MAECI Scholarships, Invest Your Talent in Italy)
- Additional opportunities may be offered by **local bodies** in your country (eg. Fulbright)
- **Partial/full waivers** on the 2nd year, for talented students

SPECIAL RATES FOR STUDENTS

Special rates and discounts are offered to students, from public transportation to museums, exhibitions and more.

HIGHLIGHTS

PhD programmes last **3 years**, full time and are **held in English**. The purpose of the PhD programme is to be involved in **advanced research** on a specific topic, by working on a research project. Attendance of lectures and conferences, individual study and experimental activities are part of the academic pathway.

The PhD School network of partnerships with universities, research institutes and companies provides the opportunity to take part in **double or joint programmes** and in **executive PhD**, co-supervised by enterprises or by other external institutions.

PhD programmes are **free of charge**. Candidates may be supported by **scholarships**.

Candidates may apply during a **general call** usually open in April, or in other **additional calls** throughout the year.

PhD graduates **employability rate** is **around 95%**, working in Universities and research institutes, in the private sector or in non profit organizations.

LOOK BEYOND YOUR MASTER

CAREER OPPORTUNITIES

The offers the students a constant support during and after their studies:

- Career guidance
- Interviews with companies on campus
- Job fairs and workshops
- Internships and job opportunities
- Excellent employability rates
