MASTER IN MANAGEMENT

A french business
school with
3 international
accreditations

Since 2022, TBS Education became a Business for good with the purpose:

“Thanks to research with a societal impact, TBS Education trains diverse, open and enlightened learners, who will contribute to the development of a responsible and sustainable economy within their organizations.”

We aim for our students to become responsible decision-makers, with high ethical and human standards, a keen situational intelligence and a strong ability for action and innovation.

To achieve this goal, TBS Education applies student centered teaching methods, individual coaching and project-based learning throughout the program in order to reveal and nurture the unique features of every single student.

TBS Education is spread over 4 campuses and has developed over 160 partnerships with business schools and universities across the world to make sure students excel in international collaboration and are able to adapt to all professional contexts.

Strongly committed to academic excellence, TBS Education also offers a wide range of double degrees and certificates of excellence. Our trademark? Co-build those demanding programs with companies to anticipate the economic evolution and new professions as best as possible. Our strategy of pedagogical innovation, based on research and experimentation, has won several international awards.

Experience and expertise are key to our Master in Management program. Bolstered by the renowned expertise of our professors, guest teachers and our wide alumni network, TBS Education provides students with crucial skills to master the job that inspires them so that they are quickly identified as high-potential managers. We are confident that they will become responsible actors, contributing to a positive transformation of their organization towards a more sustainable and viable economic model.

Molina Sharma

India • Master in Management & MSc in Business Analytics & Artificial Intelligence

I arrived in Toulouse in September 2023, and it marked the beginning of a transformative journey at TBS Education. My first year in the Master in Management (MIM) program was a vibrant blend of academic rigor and cultural immersion. I'd say the highlight was undoubtedly the second semester spent at our Barcelona campus, where I delved into the Big Data Discovery semester. This enriching experience not only deepened my passion for data science but also paved the way for my next academic pursuit: an MSc in Business Analytics and AI, and I can't help but feel grateful for the solid foundation TBS Education has given me.

I would like to mention that the faculty played a pivotal role in my journey. Their expertise, dedication, and support have been invaluable in shaping my understanding and passion for the field. Their guidance extended beyond the classroom and enriched my overall learning experience.

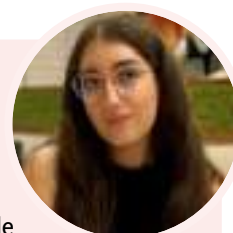

Along with the academics, it was also the people who made this journey extraordinary. Friends from all corners of the globe brought a beautiful mosaic of cultures and perspectives. This journey has been more than education; it's been about growth, friendships, and the joy of learning in a truly global community. TBS Education has been the perfect backdrop for this incredible adventure, and I eagerly anticipate the next chapter.

Fee Gaertner

Germany • Master in Management

The Master in Management program of TBS Education gives me the opportunity to obtain a degree in both management and a specialized field of choice, study in an international environment and gain theoretical as well as practical experience. The courses have a strong global emphasis, with professors integrating international case studies and insights, preparing students to embark on successful international careers. Additionally, I greatly value the opportunities TBS Education offers international students to take part in French cultural experiences and to take courses in both English and French.

Mira Kheil

Lebanon • Master in Management & MSc International Business double degree

Attending TBS Education has been an amazing journey. I was able to tailor my education to my interests with its diverse and flexible curriculum. The faculty are not only highly knowledgeable but also incredibly approachable, always ready to offer guidance and support. TBS's Education strong emphasis on practical learning, through case studies, internships, and real-world projects, has significantly improved my strategic thinking and problem-solving abilities. Beyond academics, the friendships, and professional networks I've built here are invaluable.
