PARTNERS

331 partner universities
in **74** countries

2,500 partner companies

ACCREDITATIONS AND LABELS

IÉSEG and its programs are recognized by several French and international accreditation bodies, guaranteeing the School's excellence. Holder of the “Triple Crown” of international accreditations (EQUIS, AACSB and AMBA), IÉSEG is a member of the very select circle of top global business schools. In 2023, IÉSEG was also awarded the French DD&RS Label in recognition of the social and environmental commitment that it is making.

IÉSEG has also obtained the «Welcome to France» certification label from Campus France, which distinguishes French higher education institutions that have met various criteria for welcoming international students.

OUR CAMPUSES IN FRANCE, EUROPE

PARIS-LA DÉFENSE CAMPUS IN EUROPE'S LARGEST PURPOSE-BUILT BUSINESS DISTRICT

IESEG's Paris campus location in La Défense is a strategic asset. Established primarily to strengthen IESEG's connections with French and international companies, it has enhanced the institution's international reputation and visibility. As IESEG's reputation continues to grow along with its student population, the expansion of the Paris-La Défense campus in 2017 and 2023 has enabled the School to welcome almost twice as many students as before. Composed of three buildings with a total of 23,000 m² (247,569 sq. ft.), the campus offers students several lecture theatres, classrooms equipped to offer immersive hybrid teaching solutions - computer rooms - a trading room and a cafeteria.

LILLE CAMPUS IN THE THIRD CITY WITH THE MOST STUDENTS IN FRANCE

Students on this campus enjoy a wide variety of modern and functional facilities, including immersive hybrid classrooms, meeting rooms, computer rooms, trading rooms, etc. As part of the *Université Catholique de Lille*, in a neighborhood hosting 38,500 students, IESEG students have access to IESEG's own library, but also to other university and online libraries. In addition, the Lille campus is undergoing a renovation and extension project. The objective of this project, inspired by the input and work of the School's community (staff and students), is to create a campus of international standing, offering students a unique intercultural learning experience.

IESEG'S INTERNATIONAL PROGRAM PORTFOLIO
